The following activities are available:

Skiing in the Arosa Lenzerheide ski area

The Arosa Lenzerheide snow sports area boasts 225 kilometers of groomed slopes up to 2,865 meters above sea level. Wide slopes with large turns and steep slopes for really getting into your edges will make the hearts of winter sports enthusiasts beat faster.

Optional with ski and snowboard fun races

Do it like Marco Odermatt and compete in giant slalom. There are two different race tracks available, both equipped with electronic timekeeping. Since the skiing skills of the group can vary greatly, it is possible to incorporate obstacles. This increases the chances for non-ski pros and also the fun factor.

Snowshoe hike

With snowshoes on your feet, you can explore the winter landscape and enjoy wonderful views, the silence, and the fresh, clear air. Whether it's a guided 2-hour hike, a day trip, or even an evening route to a cozy restaurant, you decide how long you want to be on the go. Depending on your destination, the return trip to the village can be organized with a sleigh or accompanied by torches.

Cross-country skiing

Experience the snow-covered winter landscape on cross-country skis on the varied trails around Arosa. Whether you are a beginner or advanced, prefer classic or skating style, challenging or leisurely, there is a suitable trail for all cross-country skiing enthusiasts. We are happy to organize a cross-country skiing guide who will introduce participants to the world of cross-country skiing and provide technical tips for advanced skiers.

Curling or Bavarian curling

Venture onto the ice. Under expert guidance, you will be introduced to curling or Bavarian curling. At the end of the day, a small tournament will determine the champion of the group. Curling, as well as the alternative Bavarian curling, which can also be played in snowfall, are carried out outdoors.

Team building: Winter Wonderland – snow sculptures/igloos, snow bar, and company logo

Under professional guidance, you will build snow sculptures, your company logo, a snow bar (which will of course be tested afterwards) or a small igloo. Our tip for "après-ski with a difference": we will meet you in the valley in front of your hotel to build a large snow bar for your aperitif (illuminated by torches and Finnish candles after dark).
